EXPRESS COMPANIES STILL HOLDING OUT

If They Can be Pacified the
Strike Will End.

Conferences Were Held Last Night
But No Agreement Reached—
More Men Struck Today.

HOPE FOR EARLY PEACE

Chicago, Ill., May 23.—The
teamsters in fifteen lumber yards
struck today but there has been no
violence yet.

Negotiations looking toward the
closing of the teamsters' strike were
again in progress early last night. A
committee representing the union
empowered to call the strike off
went into conference at 9 o'clock
with attorneys of the Employers' association.

Strong pressure was brought to
bear later in the day upon managers
of express companies to induce them
to modify their declaration that
none of their striking drivers would
be permitted to return to work. The
greatest concession that could be
obtained was that no black lists
would be enforced against the men,
and that while none of them would
ever be reinstated in his old position
there would be no objection to any
driver obtaining a situation with
another express company when a vacancy existed.

It was this declaration by express
companies that led to the meeting
last night and it was expected before
the conference was held that important
results would be forthcoming.

Despite this move for peace the
Lumbermen's association are pre-
paring for extension of strike. At a
meeting of this organization last
night it was decided that today all
teamsters employed by sixty-five
firms composing the association
would compel their drivers to make
deliveries of consignments to strike
bound houses.

The conference last night lasted
for three hours. Representatives of
both sides declared at midnight that
prospects for settlement of the
strike are excellent, and that the end
of the trouble may be looked for at
any time within the next 48 hours.
All terms submitted by the employ-
ers have been accepted except that
affecting drivers for the express com-
panies.

At the conclusion of a conference
at the city hall, Mayor Dunne an-
nounced today that the matter of a
settlement of the strike was still in
abeyance. The express companies are
still unwilling to make concessions.
Another meeting will be held this af-
ternoon.

SIX DISMEMBERED

BY EXPLOSION OF A LOCOMO-
TIVE AT COLUMBUS, O.

Remains of the Dead Scattered in
All Directions—Four Other
Engines Wrecked.

Columbus, O., May 23.—The ex-
plosion of a locomotive boiler near
Hocking Valley railroad round
house here yesterday afternoon in-
stantly killed six men who were at
work nearby. The engine was being
tested for its first run after rebuild-
ing when the explosion occurred.

Four other engines standing beside
the ill-fated one were wrecked, the
sides next to the exploding one be-
ing caved in.

The bodies of the six men were
terribly mangled; arms and legs be-
ing scattered in all directions.

Extra Session October 16.
Washington, May 23.—President
Roosevelt yesterday reiterated his in-
tention to call congress in extra ses-
sion October 16 next, to consider
railroad legislation.

Mrs. J. G. Fisher Dying.
Mrs. J. G. Fisher, of 421 South
Fourth street, is this afternoon be-
lieved to be dying. She is nearly 90
years old, and has been in feeble
health for sometime.

Love is always looking for a load.

KILLED A CHILD

In Order to Sell a Stolen Baby
Buggy.

Toronto, Ont., May 23.—Josephine
Carr, a 13-year-old girl, has confessed
to the murder of William Murray,
a 9-months-old infant. It is claimed
of the Carr girl that she has been in
the habit of stealing baby carriages
from the front of a department store
while the parents were inside shop-
ping. The police have recovered sev-
eral of these carriages, which had
been sold to neighbors.

Last Friday the girl went to a de-
partment store in front of which were
a number of baby carriages and pick-
ed out the best-looking one of the lot,
which contained the Murray child,
and made off with it. She took the
child to the woods near her home at
the east end of the city, and, strip-
ping it of its clothing, threw it over
an embankment and caused its death.
Later she placed the body in a cul-
vert and buried the clothing.

On Saturday she made the an-
nouncement that she had 'discovered'
the child's body in the culvert. Sus-
picion immediately fell upon the girl
and when accused of the crime, she
made a confession. The girl claimed
that she got the plan of killing the
child from seeing a play at a local
theatre.

TWO YEARS MORE

Added to the Sentence of A. W.
Machen.

Washington, D. C., May 23.—
August W. Machen, formerly super-
intendent of free delivery of the
postoffice department, pleaded guilty
this morning to an indictment
charging conspiracy to defraud the
government in connection with the
sale of letter carriers' supplies, and
was sentenced to two years, to com-
mence at the conclusion of the two
years' sentence Machen is serving on
another charge in the Moundsville,
W. Va., penitentiary.

MARRY HERE.

Young Man of Mississippi Weds
Young Lady of Ingleside.

Mr. Lud Frazer, of Leland, Miss.,
and Miss Carrie Goins, of Ingleside,
Ballard county, arrived this morning
accompanied by several friends and
at 3 o'clock this afternoon were
married in the parlors of the Palmer
house by Rev. T. J. Newell, of the
Broadway Methodist church.

They were accompanied by Mr.
Lynn Myers and Miss Lulu Frazer,
Jeff Hague, and Miss Mattie Burn-
ley, James Burnley and Miss Nora
Gibson.

Mr. Fraser who formerly lived at
Ingleside, is now in the employ of a
railroad in Mississippi, and the cou-
ple will go there to reside.

NO COMBINE

Plow Companies Deny the Reports
That They Amalgamated.

Louisville, Ky., May 23.—Denial
was made today, by members of two
of the concerns named, of the for-
mation of a combination of plow fac-
tories with a capital of \$6,000,000,
and embracing the firms of B. F.
Avery & Sons, Louisville; the Ol-
iver Chilled Plow company, South
Bend, Ind., and the Moline Plow Co.
of Moline, Ill. The story was exten-
sively published in the morning pa-
pers of May 17, and stated that the
plans for the combination were al-
most completed. B. F. Avery &
Sons and the Oliver company deny
any knowledge of such a project.

HURT BY HORSE.

Little Charles Jennings Painfully In-
jured This Afternoon.

Little Charles Jennings, the four-
year-old son of Mrs. Bean, was pain-
fully, but it is believed not seriously,
hurt this morning at the home of
his aunt, Mrs. John Potter, three
miles from the city on the Blandville
road. He was playing about in the
lot when a horse ran over him and
stepped on his body, injuring a hip
and knocking out several teeth, be-
sides otherwise injuring him.

SCHOOL BOARD

Held a Meeting This Afternoon and
Bought Rowlandtown Property.

The school board, which failed to
have a quorum last night, met this
afternoon at 1:30 o'clock in the Osh-
ran shoe store and signed a deed to
property in Rowlandtown, where
a new school house will be built. The
board got the entire block, 363x400
feet for \$3,900.

HEADED TOWARDS THE PHILIPPINES

Russian Fleet May Again be
Told to Move on.

Czar's Troops Victorious in a Small
Land Engagement—Decisive
Battles Still Expected.

TOGO IS NOT YET LOCATED

ADMIRAL ROJESTVENSKY
IS REPORTED DEAD.

Paris May 23.—A sensation
has been created here by the
circulation of a report that ad-
vices have been received by
French bankers active in float-
ing the Russian loans, from
their confidential agent in St.
St. Petersburg, stating that Ad-
miral Rojestvensky died from
dysentery, and Admiral Nebo-
gatoff has assumed command of
the Russian fleet in far eastern
waters.

The Russian embassy said it
had heard the rumor, but re-
ceived no advices from the
home government and is not
inclined to believe the rumor.

Russians Were Victorious.

St. Petersburg, May 23.—A dis-
patch from Gunchuling, Manchuria,
reports that several skirmishes of a
serious nature occurred Sunday. The
Russian center was the scene of the
fighting. The Russians were victori-
ous, driving the Japanese to the
south. The enemy abandoned a con-
voy with a large forage of stores.

Where Russian Ships Are.

Paris, May 23.—Much attention
is given here to Rojestvensky's prob-
able passage into the Pacific north of
the island of Luzon and suggestions
are made that the reported intentions
of the Russians to rendezvous at the
island of Babuyan will give the
American authorities in the Philip-
pines the same difficulties in preserv-
ing remote points against the incu-
sions of Rojestvensky that the French
authorities experienced in the waters
of Indo-China.

The naval expert of the Temps
lengthily points out that information
brought by various steamers to Chi-
nese ports confirms the previous view
that Rojestvensky is skirting north of
the Philippines into the Pacific. It
is maintained that the strategic ob-
ject thus accomplished is avoiding
Japanese torpedo attacks and mines
in the straits of Formosa and subse-
quent concentration of the Japanese
fleet in the straits of Korea, leaving
Rojestvensky free to make a long de-
tour and reach Vladivostok through
one of the northern straits of Japan.

However, it is pointed out that the
presence of the Russian fleet north of
the Philippines places the Russians
only a few hundred miles from the
Japanese naval base at Kelung in the
northern part of the island of For-
mosa and that a fight is still possible
before the detour commences.

To Command Fourth Fleet.

St. Petersburg, May 23.—An-
nouncement is made today that Ad-
miral Parenget is appointed to com-
mand the fourth Baltic fleet. This
squadron is now being prepared to
sail for the Far East. Orders were
issued that all vessels of the fleet be
prepared to sail June 14.

General Kaulbars Ill.

St. Petersburg, May 23.—A dis-
patch received today from the front
says that General Kaulbars, in com-
mand of the second Manchurian ar-
my, is ill and will give up command
and return to Russia.

DIXIE FLYER WRECKED.

Washout Caused it to Be Ditched—
Several Hurt.

McKenzie, Tenn., May 23.—A
washout on the Nashville, Chatta-
nooga, St. Louis road, caused a
wreck of the Dixie Flyer today near
here. The train was ditched, injur-
ing several, some of whom may die.

Princess Natalia Dead.

St. Petersburg, May 23.—Prin-
cess Natalia, the youngest daughter
of Grand Duke Constantine, died to-
day of meningitis.

UNKNOWN ASSASSIN SHOOTS A LAWYER

Mysterious Murder of Attorney
Berry at Savannah, Ill.

Clifford Mason, a Miner, Fatally Shot
While Resisting an Officer at
Harrisburg, Illinois.

A GLASS EYE CAUSES TROUBLE.

Savannah, Ill., May 23.—Daniel S.
Berry, a prominent lawyer, and ex-
member of the legislature, was shot
and killed at the door of his office.
Berry had just come from home and
was unlocking the door of his office
when he was shot from behind, one
bullet striking him in the arm and
another penetrating his brain. He
died instantly. There was no witness
to the tragedy and there are no de-
velopments throwing any light upon
the mystery.

Shot by Policeman.

Harrisburg, Ill., May 23.—Chief
of Police William Keorner shot and
probably fatally wounded Clifford Ma-
son, a miner, here last night on the
public street.

A few days ago Harvey Stricklin,
a pit house boss at Egyptian mine No.
1, discharged Mason for an alleged
violation of the rules in regard to
shooting coal. Mason brooded over
the affair and came up town with a
shotgun and meeting Stricklin at-
tempted to shoot him, but Stricklin
dodged into a store and escaped.

When Policeman Keorner attempted
to arrest Mason he turned the gun on
Keorner, shooting him in the leg.
Keorner pulled his pistol and shot
Mason three times, one ball taking
effect in the face and the other two
in the breast and abdomen. In the
meantime Mason hit Keorner over the
head with the gun, inflicting an ugly
wound.

Mason is in a critical condition.
Policeman Keorner is not seriously
hurt.

It Was a Glass Eye.

Vinton, Iowa, May 23.—Because
she imagined that A. L. Maxwell was
getting "fresh" and winked at her
when he met her on the street, Miss
Alice Ingham, of this city, struck the
man across the face a vicious blow
with her umbrella. Miss Ingham was
much chagrined when upon being
taken to the office of Justice Hartley
she learned that Maxwell was a prom-
inent and highly respected merchant;
that he is compelled to wear a glass
eye, and that it was this optic which
the sensitive young woman imagined
guilty of an impertinent blink. Miss
Ingham paid a fine of \$3 and costs.

750,000 HAVE DIED THIS YEAR OF PLAGUE.

London, May 23.—Three
quarters of a million people
have already died of plague in
India this year according to fig-
ures furnished by Indian Sec-
retary Broderick in the house
of commons, this afternoon.
Mortality January 1 to April 1,
471,744, while another 215-
961 succumbed during four
weeks ending April 29.

YELLOW FEVER GONE.

There Has Not Been a New Case
Since May 12.

Washington, May 23.—A cable-
gram from Acting Governor Gorgas,
of the canal zone, at Panama, says:
"The outbreak of yellow fever is
about over; the last case sickened
the 12th, all convalescent. Not a
case on the isthmus today, including
Panama-Colon zone."

SEVERAL KILLED

In a Cyclone in Texas—Many Are
Reported Injured.

Haskell Tex., May 23.—A cyclone
here killed two children, and fatally
injured a man and woman.
Many others are injured.

The wife and six children of
Mack Murray, near Roswell, were
caught in a cloudburst in Canyon,
and drowned.

The sweetest of all sounds is that

WARM RECEPTION

Given Serenaders Over in Old Vir-
ginia.

Roanoke, Va., May 23.—A seren-
ading party of thirteen students from
the Randolph Macon Academy, at
Bedford City, Va., were fired upon by
persons in the Jeter Female Institute
at that place early Sunday morning
and five of the serenaders were pep-
pered with shot from shotguns. One
of the boys received a large number
of shot in his face. It is alleged that
the serenaders had been warned to
stay away from the girls' institution.

Sunday morning when they appear-
ed on the campus, and started their
their merrymaking, they were fired
upon and it is said the guns were in
the hands of members of the faculty.

The boys returned the fire, but did no
damage. Both institutions are out-
side the corporate limits and the town
authorities have no jurisdiction. No
arrests have been made. The names
of the wounded students, none of
whom are seriously hurt, can not be
obtained, and the Jeter professors
refuse to say who fired on the vis-
itors.

WAS UNLAWFUL.

Commissions Have No Right to
Draft Standard Life Insur-
ance Policy.

Lansing, Mich., May 23.—The su-
preme court today declared uncon-
stitutional the law of 1888 creating
the commission to draft standard
form of fire insurance policy. The
court held the legislature erred in
delegating such power to a commis-
sion. Insurance Commissioner Barry
will ask the legislature to pass a
law embodying standard policy that
has been in use since it was promul-
gated by the commission of 1888.

BATTLING NELSON

Went Up Against a Stiff Proposition
at Philadelphia.

Philadelphia, May 23.—Batling
Nelson made his first appearance in
the prize ring in this city last night,
and proved a rather easy proposition
for Abe Attell, of California. Attell's
cleverness proved too much for Nel-
son, and in the first four of the six
rounds of the bout, Attell jabbed Nel-
son at will. The fifth round was
slightly in favor of Nelson as was al-
so part of the sixth.

FIRE DAMP

Causes the Death of Seventeen in
Austrian Mine

Vienna, May 23.—According to
news received here today from Liezen
in Styria, seventeen persons have
been killed by the explosion of fire
damp in Bosruck tunnel there today.
Several attempts at rescue were made
but all failed, members of the re-
scue party having been overcome by
through Bosruck mountain in con-
nection with a second railway to
gases. The tunnel is being bored

NOTED AUTHORESS

Mrs. Livermore Died This Morning
at Melrose, Mass.

Melrose, Mass., May 23.—Mrs. Ma-
ry Livermore, the well known au-
thoress, and lecturer, died this morn-
ing. Last night the crisis of her ill-
ness passed, and physicians thought
she had a fighting chance for life,
but she relaxed this morning, and
passed away at eight o'clock.

Mrs. Smedley Won Watch.

Mrs. Charles Smedley, of the
South Side, this morning presented
the number that drew the gold
watch at the country store, and the
prize was turned over to her. The
first numbers drawn last week were
never presented.

MURDEROUS LUNATIC RIDDLED BY MOB

Barricaded Himself in House
and Shot Several People.

Could Not Be Captured Until the
House Was Set On Fire and He
Was Driven Out.

100 SHOTS WERE FIRED AT HIM.

Owensboro, Ky., May 23.—Bob
Shaw, the crazy negro who yester-
day killed one man and shot several
others, barricaded himself in his
home near Waitman, was last night
killed by a mob.

Every effort was made to appre-
hend the negro, but he could not be
captured. Last night a mob sur-
rounded the house and set fire to it.
Shaw remained in it as long as he
could, and finally amid the roar of
the flames and flying sparks, he leaped
out and attempted to escape.

One hundred guns and pistols
were quickly leveled at him, and he
was riddled with bullets, falling dead
in his tracks.

Shaw killed Deputy Sheriff Brown
and wounded seven men within 24
hours near Waitman. The body of
the dead man remained in front of
Shaw's house for hours while the ne-
gro defied officers seeking his arrest.

Shaw was terrorizing the commu-
nity and responding to an appeal for
help, a posse at once went to the re-
scue. As soon as they approached the
madman's house he opened fire.
Watson was shot in the face and De-
puty Marshal Jackson in the back.
Yesterday another posse tried to
storm the house, but the negro opened
fire, wounding two.

Yesterday afternoon Will C. Brown
deputy sheriff of Hancock county,
volunteered to go to the house and
take Shaw. When within fifteen
feet of Shaw the crazy man fired,
blowing Brown's head completely off.
The body lay at the door of the
door of the house until Shaw was
killed.

300 MINERS

HAD NARROW ESCAPES WHEN
COPPER MINE COLLAPSED.

Senator Clark's Vast Property in Ari-
zona May Be Closed Down
Forever.

Prescott, Ariz., May 23.—Millions
of tons of rock and earth caved in to-
day in Senator Clark's united verde
copper mine at Jerome, Arizona, the
ground dropping over the surface to
the 700 foot level. Cracking timbers
gave the alarm and 300 miners fled
for their lives and escaped uninjured.

For several days the ground has
been settling and timbers creaking.
Today with a mighty crash the earth
caved, carrying with it the new shaft
levels, drifts and slopes.

The extent of the damage has not
been ascertained, but it is feared the
great property will be closed and the
existence of Jerome doomed.

TEN DAYS' GRACE

Given Muhlenberg County to Control
Smallpox.

Louisville, Ky., May 23.—The Ken-
tucky state board of health has grant-
ed an extension of ten days time to
the authorities of Muhlenberg county
to take the proper steps to control
the spread of smallpox.

The state board of health and T.
J. Sparks, county judge of Muhlen-
berg county, held a conference last
night, which lasted for two hours,
and an agreement was reached to
give the county more time.

GEN. CARTER SAILS.

To Take the Field Against Philip-
pine Rebels.

Manila, May 23.—Major General
Corbin has detailed General Carter
to assume the pacification of the
east coast of Samar. All the federal
troops required will be furnished
General Carter, who sailed this
morning to take the field in person.
Native scouts will be recalled and
regulars will hold the situation
alone.

Defeated by the Infants.
Princeton, Ind., May 23.—The Indians yesterday met defeat at the hands of John Ray's bunch of infants by a score of 5 to 6 and it was no one-sided game by any means. Both teams had a batting streak and clouted pitchers unmercifully.

Swain, who held Paducah down to so few pinch hits in Paducah, was pounded out of the box and Carnes substituted. Carnes held the visitors in check. Brahe pitched for the Indians and yielded more hits yesterday than he had yielded before this season in one game.

Batting was evenly divided but Paducah put up the best fielding game.

Rain Interferes.
Hopkinsville, Ky., May 23.—The locals and Cairo pennant aspirants did not play yesterday on account of rain. It is possible that a double header will be played today or tomorrow.

Wiley Platt will pitch for Paducah today. This means that all we have to do is to wait and see how large the defeat for the Infants is.

If Vincennes wins today and Paducah loses, they will be even, and it will be nip and tuck for first place.

The youngsters who have charge of the box seats in the grand stand here sell the seats in the press boxes whenever there is a rush. After selling all but two Sunday the man-

agement allowed two Cairo toughs to come along and bluff it out of the two remaining chairs in the press box, and newspaper men had to stand up.

Either everybody was hitting like fiends in the Kitty league yesterday or the pitchers all had a day off. In the Princeton-Paducah game at Princeton both teams got ten hits and the trick was duplicated by both teams in the Vincennes-Henderson game. Both visiting teams lost. Princeton, although victors, had one pitcher hammered out of the box and also did Vincennes.

The general opinion of fans seems to be that the Paducah club should withdraw its protest of Sunday's game with Cairo. The question of to whom Blackburn belongs may be settled without it. Cairo won the game fairly and should have it. To protest a game on a technicality is too much like the baby act.

The Cairo Bulletin says: Pitcher Witt has been released. He will probably sign with Manager Eddie Fitzgerald's "Pabsts." * * * Vahrenhorst, who tends the left garden for the Indians, is about, if not fully, the heaviest batter in the league. He connects to left field all the time and Sunday if he had only straightened out one or two of the foul drives he made, instead of sending them over the line, he would have scored at least a three base hit and possibly a home run. He whaled out the hit which resulted in the lone-some run Friday, sending the ball to the fence, and if it had not been for his "Charlie horse" he would have easily made the rubber. But Percy Wilder has him buffaloed and seems to be able to strike him out at leisure. * * * Gilligan, man on first sack for the Indians, plays all over the diamond, more so on his home grounds, though, than he did here. He has instigated and put into effect a system of signals for his team which work decidedly well off times to the discomfort of the opposing team, and at all times he uses a clear head, and excellent judgment. * * * Business has been dull at the Petit Hotel for the past few days. * * * Funny, but true. A large number of Paducah fans were found wading in a lake near the park up to their knees after the game Sunday. * * * South narrowly escaped being hung

Umpire Kelfer had an unusual decision to make at Saturday's game at Hoptown. Hoepfel, Princeton's first baseman, knocked a ball which struck the top of the fence and bounced against the top of the bus standing on the outside and rebounded back into the field where Brady got it and stopped "Hip" at second, but Kelfer called it a home run and allowed three runners to trot home.

COAL SUNK

COMBINE TOWBOATS HIT THE BRIDGE PIER AT CAIRO

About 85,000 Bushels of Coal Went
to the Bottom of the River—
Loss \$8,500.

Two of the combine's big towboats, the James Moran and the Gleaner passed Paducah yesterday en route from Louisville to New Orleans, both with big tows. The Gleaner had 24 barges.

While passing under the bridge at Cairo, both boats, two hours apart, struck a pier and sank in all 85,000 bushels of coal, a loss of \$8,500, if the coal is not recovered. The Cairo Bulletin gives this account of the accident:

"As a result of a collision between two Pittsburg coal boats with one of the piers at the bridge, 85,000 bushels of coal are at the bottom of the river and the combine has sustained a loss amounting to about \$8,500.

"The first boat to strike the pier was the towboat Gleaner. She ran the bridge at 10 a. m., with tow of 24 pieces. It is always a difficult job to pilot one of these big tows through the bridge and the high stage of water yesterday morning made it more hazardous. As she started through there was a crash as the tow came against the second pier of the bridge, and two coal barges and a coal boat were crushed like egg shells and their contents dumped into the bottom of the river. The James Moran met a similar fate scarcely two hours later."

FIRST IN 24 YEARS.

**Former Metropolis Man Amazed at
Growth of Paducah Since
Last Here.**

Mr. Oscar Bailey and daughter, Miss Hattie Mae, of Pittsburg, Kan., is in the city today on a visit to relatives, Mrs. Mary Bailey and family, 859 Broadway. It is his first visit to Paducah in 24 years. He was born and reared in Metropolis, Ill., and for years ran on boats between Pittsburg and New Orleans. He was formerly considered one of the best guitar players in the country. BOTTOMS FLOODED IN MANY PLACES

Ohio is Still Rising and Considerable Damage May Result.

Over Thirty Feet Here But the Rise Is About All in, It Is Thought.

MUCH LAND IS SUBMERGED

The Ohio river is still rising at this point, but will probably soon be falling, as today's reports show that the rivers above are falling, with the exception of the Tennessee at Johnsonville. The Cumberland is expected to begin rising today as a result of recent rains, but there will not be much of a rise, it is believed.

The gauge today shows 30.7 feet at Paducah. A week ago thirty feet was the prediction, but some say 35 now. It is not likely, however, there will be much more water here.

Considerable damage has been reported from the freshest, but very little in this immediate section. Both above and below here, however, there are reports of great damage.

Today's Cairo Bulletin says of the damage on the Kentucky side. "Across the river in Kentucky the river has washed over its banks and between the Illinois Central bridge and the town of Barlow all lands which have been converted to farming purposes are covered. Huge logs and the debris from trees along the railroad tracks, are floating free of the ground and by morning everything loose will have been lifted by the water almost within the entire district described. Just what the financial loss resulting from the big and unlooked for rise will be cannot be estimated as yet, but it is expected that it will run well up into the thousands of dollars.

"The low lots in Cairo are covered to a depth of several feet, the sewers having been closed since the river reached a stage of 32 feet. Weather Observer Smyth last night stated that while the Ohio above Cairo was falling, the river would continue to rise here for a couple of days, owing to the rise caused by the heavy rains which was coming out of the Tennessee river. He said that unless the rains in the next two days were more than ordinary the river would commence to go down Wednesday."

CAUGHT IN KUTTAWA.

George Denny Arrested There and Will Be Brought Back tonight.

George Denny, colored, who, with Zona Moore, colored, is charged with having stolen \$25 or \$30 from Ed. Wilson, was arrested this morning in Kuttawa by Marshal Wm. McCullom and will be returned to Paducah this afternoon. The woman, who claims to be his wife, is already under arrest and waiting for trial. She got a continuance this morning in police court because Denny was not under arrest.

SCHOOL TEACHERS

**May Be Examined June 15 and 16
at High School Building.**

The school board has decided to hold examinations for city school teachers' certificates on the 15th and 16th of June, just after the close of schools, and there will likely be many applicants for certificates not only among those who now haven't certificates, but those who desire to increase the value of the certificates, as well.

The board decided at a recent meeting not to compel teachers now teaching in the schools and who hold old certificates, to stand examinations this year, but it will be compulsory next year. There will be many teachers, it is said, who are at present holding good certificates who will take the examination next month.

The examinations will begin at 8 o'clock in the morning at the High

school building on West Broadway, and will be in charge of Supt. C. M. Leib and two others, the latter to be selected by the examination committee subject to the ratification of the board.

BIG BUSINESS.

Was Done by the Street Car Company Last Week.

The Street Car company did a thriving business last week and hauled about 77,000 passengers during the entire week.

Last Sunday when there were two excursions in, one by river and another by boat from Cairo and there were also many visitors who remained over after the carnival, the company hauled 10,000. About 2,810 were hauled to and from the ball game alone.

The previous week, because of the ball games and circus, was also a good one.

THE NEW STREETS MAY BE CONSIDERED

By the Board of Works at Tomorrow's Meeting.

Specifications May Be Complete Then—The City Not to Buy a "Scarifier" at Present.

NEW DRAFT FOR SALOON BONDS.

The board of public works will meet tomorrow to consider several matters of importance.

The Jefferson and Kentucky avenue street improvement matter will come up if the city engineer can finish soon enough. The specifications will include all side streets in the contract. The board will also have several matters relative to alleys to decide and look into.

The matter of improving 19th street can not come up tomorrow before the board because the ordinance has not been signed by both board chairmen and the mayor, and has to be advertised after they have signed.

The matter of placing new brick in between the car tracks on Broadway from Fifth to Ninth will probably be ordered. Some of the present brick is defective and enough brick have been shipped to replace everyone now down.

Mayor Yeiser has lately been besieged by applicants for the position of electrical wire inspector and refers them all to the committee. There are a number of applications in but the lucky man will have to be acceptable to the board of underwriters and stand a pretty thorough examination or test. It is understood that the committee to which the matter of selecting an inspector was referred will be guided by the board of underwriters to avoid any further trouble from this source, and so far only one local man has been recommended for the place, he being the only man the underwriters think competent to hold the office. This is Mr. H. J. Gilsday, late of St. Louis.

Mayor Yeiser thinks the ordinance prohibiting women from entering saloons should be unanimously passed by both boards as even some saloon men object to women entering their places of business but have to permit it because others do, and they don't want to lose trade. Not only saloon keepers have complained against women entering saloons, but Mayor Yeiser stated Chief Collins himself suggested the ordinance and asked that he be given something to be guided by in such matters. The only question is, could the ordinance be enforced? Judge Sanders decided a few years ago that such an ordinance was unconstitutional, and the constitution has not been changed any since the decision was rendered.

Mayor Yeiser stated this morning that the hospital board expects to have the hospital furnishings and equipment here and the hospital ready for service by June 15, but it may be unable to do it.

The board has worked hard to get the hospital into service and will waste no time, now that the boards have passed favorably on contracts for equipping the institution. The operating room equipment has to come from Indianapolis but the remainder of the furnishings come from Paducah firms.

There will probably be no more hospital board meetings until the hospital is equipped and the board ready for electing a superintendent.

The board of works has countermanded the order for a "scarifier" which was to have been used in connection with the street roller to tear up the streets undergoing repairs. Contractor Bridges, of Wabash, Ind., who is doing the work on South Third street here, has one he is willing to loan the city, or to sell if the city prefers to buy it. The board of works decided that this would be cheaper than buying a new one, and countermanded the order.

City Solicitor Ed. H. Puryear has reported that the ordinance regulating saloon keepers' bonds does not permit guarantee companies to be on the bond, as all bondsmen under the ordinance, must be residents of the county.

As a result the board of aldermen has ordered that a new form of bond be drafted, and new ordinances drafted which will not prevent these guarantee companies becoming surety. In most cases these sort of bonds are really better than individual bonds, for often the city accepts one man on a dozen or more saloon bonds rendering them all practically worthless.

MAKING A BLUFF.

People Who Want to Turn Cows Out Talk of Testing New Ordinance.

A number of people who object to keeping their cows at home, say they are preparing to test the new ordinance in the courts. They have employed an attorney. Councilman Young Taylor says, and the attorney of course thinks there is doubt whether or not the ordinance will stick. The intention is to file an injunction against the city to prevent the enforcement of the law.

It seems that these people do not know that stock laws have been sustained by courts high and low all over the country, and that Hon. E. W. Bagby, who drew up the present cow ordinance, did so with an especial view of guarding against just such action as knocking it out in the courts on a technicality. People who want cows kept in their place need have no fear that the ordinance will not be sustained. It is not the intention of the "cow boys" to do anything until the mayor signs the ordinance. He intends to sign it about June 5, he says.

Mr. Earl Palmer Re-elected President of Hardwood Lumber Association.

Mr. Earl Palmer and wife, and Mr. R. S. Robertson, returned this morning from Buffalo, N. Y., after attending the eighth annual convention of the National Hardwood Lumber Association. Mr. Palmer has been president of the association for one year and was honored with reelection.

There were about 300 delegates to the convention from twenty different states, and it was one of the most successful meetings ever held. The meeting began Thursday and lasted through Friday night.

A number of delegates' wives accompanied them to Buffalo and wives of Buffalo lumbermen gave the visiting ladies a theater party Friday night, followed by an elegant luncheon.

The Paducah delegates enjoyed the meeting immensely and had a thorough good time. Mr. Palmer, Mr. Robertson and Mr. A. J. Decker, are the only Paducah lumbermen who are members of the national association. Mr. Decker was unable to attend.

WARM RACE.

There Are Now Five, All But One for Paynter.

The senatorial race in the Third senatorial district is beginning to arouse interest. This district is composed of Calloway, Lyon, Livingston and Trigg counties. County

mass conventions are called in each of the counties for June 3 and then a district convention will be held at Eddyville June 7 for nominating a candidate for state senator.

There are five candidates, Felix Grasty, of Trigg; George W. Landrum, of Livingston; Sike Hodge and Rev. J. W. Oliver, of Lyon, and Con Linn, of Calloway. It is understood that all of these candidates are for Judge Paynter for U. S. senate except Mr. Hodge, of Lyon county. This district has 28 votes in the district convention. Calloway 12, Trigg 6, Livingston 6, Lyon 4. The politicians in that district are going to have quite a lively tussle before the nomination is made.

Rev. J. W. Oliver, of Kuttawa, was the last to announce as a candidate.

Rev. Oliver is the present representative from Lyon and Marshall.

Death of Mrs. Mary Hines.

Bowling Green, Ky., May 23.—Mrs. Mary Walker Hines, widow of James M. Hines who was a prominent attorney and newspaper man, died suddenly near this city of heart disease. Mrs. Hines was the mother of Walker D. Hines, of Louisville, former first vice president and attorney for the Louisville and Nashville Railroad company. She had only been here a few days on a visit. Her home for several years had been with her son in Louisville.

Mrs. Walther Schade, the only other child of Mrs. Hines, was here on a visit and was with her mother at the time of her death.

Dr. Victor Voris states that the requisite number of men have been secured for the artillery company for Paducah and all that is delaying organization is a report from Adjutant General Percy Haly, who will arrive at Frankfort today, and report to Governor Beckham the result of his inspections of state encampment sites. General Haly stated that he was going to recommend that a battery be established here.

Mayfield Notes.

Mr. Oscar Clements, of Paducah, has accepted a position with the Old Woolen Mills as cutter and arrived in the city Saturday. Rev. Wimberly, of Paducah, preached Sunday night at the C. P. church. His sermon was well received and was a practical sermon. Miss Grace Gardner returned yesterday afternoon from a visit to Miss Letha Puryear in Paducah. Mrs. Carrie Fellows and Miss Bertha Riedel returned Sunday from a short visit to their home in Paducah—Messenger.

Daily Thought.

"Defeat is the acid that tests a man's mettle."

GOOD ROADS IN ILLINOIS.

Governor Deneen, of Illinois, has signed the two Good Roads Bills passed by the last legislature, thus encouraging and aiding a movement that cannot become too extensive or enthusiastic. The Illinois legislature instead of frittering away its time passing idiotic bills to be promptly knocked out by the higher courts, or which are already on the statute books, passes laws which tend to benefit the people.

It recently appropriated \$50,000 for experimental work in good roads building for two years, which is one of the two bills just signed by the governor. The other bill provides that the authorities of the penitentiaries and reform school, upon the petition of the state highway commission, shall employ the convicts in the manufacture of tile, culvert pipe and road building material to be furnished free to such highway commissioners of the state as may ask for it.

If every state would put its convicts to manufacturing pipe and road material, and then employ them in putting it down and assisting in good roads building, the people would get some benefit from having to pay the expenses of our penal institutions, although it is true there would be less money for the convict labor grafters and politicians to hog.

The good roads question, as well as the convict labor question could probably be solved in no better way. Some states have prohibited their convicts being worked at anything because of the competition it brings about with honest labor. If these idle convicts or in fact any convicts were used to make good, substantial roads, they would be employed to advantage in countless places that otherwise might not in many years have a good, modern road.

Speaking of good roads is a reminder that the movement is becoming prominent in all up-to-date communities, and congress is helping in no small degree.

When what is now known as the Brownlow Good Roads Bill was first offered in the house of representatives it was regarded by some as proposing a dangerous innovation in our economic affairs, but others do not regard it as so far without the line of well-established precedent and clearly written constitutional limitations. The paramount question at this time is have we in the United States satisfactory highway conditions; are the means of communication between town and country adequate to public necessity; are the highways creditable to our advanced intelligence and civilization; do we need better roads? Every intelligent being in the Union knows that the average

wagon road is for perhaps six months of every year a community horror and a state and national shame.

There is just now a strong movement on foot to induce the government to take up good roads work just as it has the improvement of the great waterways of the country. The movement may never amount to anything, but anything is acceptable to indifference and inactivity. Someone should improve the roads. If not the county, then the state; if not the state, then the government. Good roads—roads that will last—can only be built upon scientific plans. If scientifically constructed roads will benefit the counties, they will benefit the states and nation. There might be co-operation of the government with states and counties. The government owns property in all states upon which it pays no taxes. It uses the public roads for the transaction of its rural mail business. It would not be unreasonable, perhaps, to ask it to help better the roads for its own use, but doubtless that day has not yet arrived, and we shall have to make our own good roads, or enlist the co-operation of the state in it. We need the roads now, however. Everyone should work for them.

The board of aldermen last night declined to pass the dairymen's ordinance, which was a measure to charge some of the dairymen one price and some another. This seems to be the correct position. All dairymen or persons engaged in selling dairymen's products should be required to pay the same license, just as all retail merchants, all saloon keepers, and all everybody else are required to pay the same license regardless of the size of their store, the value of their stock or the amount of business they do. The dairymen who are in the business on a large scale and pay the full license, are entitled to the proper protection. The city has no right to charge them one price and then let a man come in and compete with them without paying a license, simply because he does not sell as much or come as often as a regular dairyman.

The good Judge Hargis, who has been charged with most everything and has had little to say, is now very mad because the county superintendent of Breathitt alleges the judge declined to accept his bond. He says "I feel that my official duties as county judge require me to exercise great care in accepting bonds of county officials," etc. Has it really come to pass that Judge Hargis is beginning to realize the requirements of his duties as a county officer?

The suggestion that heavy wagons be kept off the reconstructed streets seems to have met with popular favor. It is to be hoped the legislative boards will take it up without delay and save the streets. Hauling several tons several times a day from one end of the paved portion of Broadway to the other is not going to benefit any street that already has a weak foundation from sewer, gas, water and other kinds of excavations.

Nan Patterson has published a "warning" to young girls, but her own experience is warning enough without an illustrated homily in the Sunday supplements. The trouble is, there are too many who will heed Nan's warning just about as much as Nan heeded the warnings of those who went the gaits before she did.

A friend of the cow argues that when Old Bess is kept up the commons will be overgrown with grass. Those who have been educated up to a proper use of the street and sidewalks, however, do not care. They never use the commons.

ATHLETES CURSE

Apostle Dowie Declares That Long Walks Are Sufficient to Keep in Health.

Waukegan, Ill., May 23.—Among the rules of life laid down by Apostle John Alexander Dowie at Zion City Sunday were these:

"Have the good things of life. God wants us to eat and drink the good things of the world."

"While the Scripture says, 'All creatures of God are good,' hogs, tobacco, alcohol, oysters, etc., are not of God and should not be eaten."

"While the elephant of modern days and the great animals of the past were vegetarians, flesh is not forbidden for diet, and may be eaten."

"Do not go in for athletics. The athletes are the curse of this country, as they were of ancient Greece. Long walks and cleaning out your back yard should be enough to keep you in good health. The Lord has no pleasure in the legs of a man, says the Bible."

"Read steadily and much of good literature. Also remember that God's likeness is of much avail in everything."

His references to athletics were especially extensive.

"I believe in exercise," he said, "but not in athletics to any extent. Develop your body; but it takes little to overdo this. I got my lung power from rowing and I get my exercise nowadays on this platform."

HIGH HONOR.

C. W. Merriweather, of Paducah, Offered Place On Advisory Board of Negro World's Fair.

C. W. Merriweather, colored, of Paducah, has received a letter from James A. Ross, director of exhibits, New York, of the Negro World's Fair offering him a place on the advisory board. This is quite an honor to the Paducahan, who is a colored man of unusual intelligence and education, and at present is an attaché at the government building here.

The Afro-American Industrial Exposition company intends to give an exposition in New York City in 1906, or as soon thereafter as possible. Booker T. Washington is one of the leading members of the association, and some of the most prominent colored men in the country have been selected for the advisory board.

The board is to consist of fifty members, and will have general supervision of the exposition, with headquarters in New York.

The remuneration for serving on the board is 1,000 shares of stock in the company, and all expenses in connection with the work, and the shares may at any time be converted into cash, at \$1 a share.

The Paducah man has written accepting the place.

IN THE COURTS

Circuit Court.

Circuit Judge Reed began the trial of cases this morning after having completed calling his equity docket.

In the case of Olivia Mountfort against Wm. Mountfort a divorce was granted the plaintiff.

The defendant filed a motion, with reasons for a new trial in the action of K. P. Dagley against Hawkins & Son.

The case of Sudie Sullivan against C. E. Gridley will by agreement be tried by T. E. Crice, special judge.

The motion for a new trial in the case of D. J. Foster against the City of Paducah was overruled. An appeal was granted.

At press time this afternoon the case of May Hunt against Q. H. and Watt Nance was on trial. It is a suit over the possession of property and for \$150 damages.

To File Schedule.

Master Commissioner Cecil Reed will today in circuit court file a schedule of the estate of the late H. C. Allison. The report shows liabilities amounting to \$16,657, and assets consisting of 680 acres of land worth \$20,400, \$6,000 worth of stock in the Bank of Fulton and Graves county, notes and accounts amounting to about \$8,937, about \$1,400 worth of miscellaneous things such as mortgages, tools, etc., and a home place on Broadway worth \$8,000. The schedule is filed in connection with a suit of the executrix to get possession of certain property.

Police Court.

Zona Moore, colored, who with a negro man is alleged to have robbed Ed. Wilson of between \$35 and \$40 in cash, was granted a continuance in police court this morning. The man is still at large and the case was continued in order that both sides procure witnesses.

Aleck Yeltima, white, was fined \$20 and costs for a breach of the peace.

Other cases were: Walter Sullivan, white, disorderly conduct left open until Thursday; Ed. Burch, colored, breach of the peace, continued; Hattie Powers and Eunice Brown, colored, breach of the peace, \$5 and costs each; Elsie Porter, white, breach of the peace, \$5 and costs.

Adjudged Insane.

Ora Wallace, colored, was this afternoon adjudged of unsound mind and ordered taken to Hopkinsville. Patrol Driver John Austin will leave with her tonight. The lunatic is a young negroess about 20 years old who was taken violently insane last night. She was taken from her mother's residence near the N., C. & St. L. depot.

TWO WEEKS
Mr. C. E. Renfro May Be Laid Up
From Accident.

Mr. C. E. Renfro, of the Given-Clark wholesale grocery, who was hurt in the accident to the "Ocean Wave" at the carnival Saturday night, is not so well today, and it may be several weeks before he is able to get out. One doctor said today that he might be able to leave his bed in two weeks, but others think he may not be able to get out for five or six weeks.

His injuries seemed to improve until last night, and then his hip began to pain him very much. Mr. Renfro is very cheerful, however, and today had a telephone put beside his bed so he can talk to his friends down town.

HURT IN THE WRECK.
But Didn't Know It Until Yesterday.

J. C. Spicer, a farmer of the Maxon's Mill section, it developed yesterday, was injured in the smashup of the "Ocean Wave" at the carnival grounds Saturday night. He went home after the accident and was forced to call a local physician who went out yesterday and found him suffering from a badly bruised leg and side. The injury is not serious, however, and he will be all right in a few days.

CITY TO SELL ANOTHER LIGHT FRANCHISE

Board of Aldermen Votes to Pass a "Dog Ordinance."

The board of aldermen met in adjourned session last night with Aldermen Kraus and Starks absent. The board adjourned from last Thursday, the regular meeting night, because of the carnival.

The appointment of Miss Byrd Edgington as public stenographer was ratified.

The action of the lower board in recommending the employment of a city electrical wire inspector at a salary of \$75 a month, was ratified. The board of underwriters will recognize the inspector's work if a suitable man is secured, and Commissioner C. C. Rose stated that he would shortly receive a written agreement to uphold the inspector from the board of underwriters. The application of Perry McGillum for wire inspector was filed, and the matter of electing or appointing a wire inspector was left to the fire committee, which will act at once.

Mayor Yeiser was authorized to sign a contract with Marine Surgeon Frank Boyd to have marine patients cared for at Riverside hospital for \$1.30 a day, and smallpox patients in the pest house for \$2 a day. At present marine patients go to Cairo.

Contracts for furnishing and equipping Riverside hospital, as previously published, were ratified.

The ordinance committee was directed to draw an ordinance providing for the sale of a franchise for a new electric light plant. This was done at the instance of Mr. D. G. Wright, representing St. Louis and eastern capitalists who want to install a new plant here. The approximate cost of the plant is \$200,000.

A complaint of defective drainage on Rudolph Streit's property in Tyler was referred. He threatens to sue the city because of the stoppage of a sewer which throws water back on his land.

The matter of opening an alley from 16th street through the block to the I. C. hospital was referred to the board of public works with power to bring condemnation suit to secure a strip of ground off Mrs. Austin's property, she declining to give up enough ground to make the alley.

The board concurred in the action of the lower board in paying sanitary officers semi-monthly instead of monthly.

The following ordinances were acted on: Ordinance imposing a fine of from \$2 to \$5 for defacing, by writing or otherwise, pavements. Second passage.

Ordinance for grading and graveling 19th street from Madison to the Hinkleville road. Second passage.

Ordinance exempting farmers from dairy tax when they come to town but once or twice a week, and keep no more than three cows, referred. It is said that a new ordinance exempting all milkmen from a license tax will be drawn.

Ordinance placing control of sanitary inspectors in the hands of the board of health, defeated. The board objected to giving the board of health power to remove the inspectors at will. Sanitary inspectors have heretofore been elected and removed by both legislative boards.

Ordinance imposing a fine of from \$10 to \$25 on lewd women for entering saloons. First passage. The proprietor is also liable if he permits women to enter his saloon, and may be subjected to the same fine.

Ordinance providing for brick pavements on Tennessee from 12th to 13th was referred. Some property owners want concrete and this matter will first have to be settled.

The water company was ordered to extend mains on Clay from 9th to 10th; Trimble from 16th to 24th; Elizabeth from 7th to Cross creek; 5th from Norton several hundred feet south.

The following saloon licenses were granted: Clark and Jenkins, 12th and Flournoy; Roy Hurt, 118 South Third; Dye & Stewart, 215 Clements; Albert Dumaine, 1037 Burnett, and Seawright and Mitchell, 13th and Clay.

The board refused to release Messrs. Friedman and Keller as bondmen for several saloon keepers who offered to substitute the Fidelity & Deposit Co., of Maryland. The ordinance reads that local sureties only shall be taken, and the bond company could not be accepted. The board ordered an ordinance drawn, however, making bond companies acceptable.

Several deeds to lots in Oak Grove were ratified.

The matter of compelling plum-

bers to fill in ditches with gravel where excavations have been made on streets was referred to the board of public works and city engineer with power to act.

The board ordered an ordinance drawn compelling the Paducah City Railway company to muffle cars to prevent noise.

An ordinance compelling automobilists to number their machines as wagons are numbered, was ordered drawn. This is for the purpose of distinguishing the owner of a machine in case of an accident.

The finance committee was ordered to settle a balance of several thousands and dollars with Contractor Wm. Karnes on his Riverside hospital contract.

The board refused to take any action towards asking the Carnegie library board to keep the library open on Sunday, believing that the library trustees can manage the building without interference from the legislative boards.

The matter of opening a new street near the new school in Mechanicsburg was referred to the board of

public works.
The board ordered an ordinance drawn compelling dog owners to keep their dogs up like the town cow will have to be kept up.

The city stenographer was ordered to prepare a separate copy of new ordinances given one passage in each board, for each board member so he can read it at his leisure and know what it contains. Heretofore there has been but one copy and the board members had to listen to the reading in the board where otherwise they can read at leisure and vote more intelligently.

The matter of building side walks on West Broadway from the I. C. hospital to Fountain avenue, was referred to the board of public works with instructions to bring condemnation proceedings against property owners who refuse to give property to make the improvement.

The board refused to refund Adam Weikert, Sr., a saloon license taken out by his son who died a few days after starting up in business, the city solicitor holding that this could not be done.

The city solicitor was ordered to draw an ordinance compelling persons who remove bodies from public burial ground in the cemetery to private lots, to pay for removals. There is no ordinance compelling payment to the sexton in such cases, which was discovered when one man refused to pay recently after having a body removed.

The board then adjourned.

CAR REPAIRER HURT.

Mose Watson Struck On the Jaw by an Air Hose.

Mose Watson a car repairer employed in the local I. C. shops, was injured in a peculiar way yesterday afternoon. He was uncoupling an air hose connection between cars with the air on. The end of the hose flew up and struck him in the right cheek inflicting a very ugly wound. The injury was dressed at the local I. C. hospital.

Exposure.

To cold draughts of air, to keen and cutting winds, sudden changes of temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure.

SIR HENRY MORGAN, BUCCANEER

By CYRUS TOWNSEND BRADY,
Author of "The Southerners," "For Love of Country," "The Grip of Honor," Etc.

COPYRIGHT, 1905, BY C. W. DILLINGHAM COMPANY

"Ride thou here," she said suddenly to Senora Agapida. "I go forward to speak with Captain Alvarado."

"But, senorita, thy father!"

"Is it not permitted that I speak with the captain of the soldiery who escort me?"

"Certainly, if I am by."

"I do not choose to have it so," replied Mercedes, with all the haughtiness of her father. "Remain here. I will return presently."

Brushing her aside with an imperious wave of her hand and a threatening glance before which the poor diuenna quailed, for her charge had never shown such spirit before, Mercedes struck her Spanish jennet with the whip she carried, passed around the intervening soldier, who courteously gave way to her, and reined in her steed by Alvarado's horse. So close, indeed, was she to the captain that she almost touched him. It was good to see the light leap in his eyes, the flush come into his pale cheek, as he became aware of her presence.

"Donna Mercedes!" he cried in surprise. "Is anything wrong? Where is the Senora Agapida?"

"Nothing is wrong. I left her there."

"Shall I summon her?"

"Art afraid to speak to me, to a woman, alone, Sir Captain?"

"Nay, senorita, but 'tis unseemly."

"Wouldst thou lesson me in manners, master soldier?" cried the girl haughtily.

"God forbid, lady, but thy father!"

"He laid no injunction upon me that I should not speak to you, sir. Is that forbidden?"

"Of course not, but—"

"But what, sir? It is your own weakness you fear? You were strong enough last night. Have you by chance repented?"

There was such a passionate eagerness in her voice and such a leaping hope for an affirmative answer in the glance she bent upon him that he could scarce sustain the shock of it. His whole soul had risen to meet hers, coming as she came. He trembled at her propinquity. The voice of the girl thrilled him as never before.

The sergeant who followed them out of respect for their confidences checked the pace of his troop horse somewhat, and the two advanced some distance from him out of earshot. The unhappy diuenna watched them with anxious eyes, but hesitated to attempt to join them. Indeed, the way was blocked for such an indolent horsewoman as she by the adroit maneuvers of the sergeant. He was devoted to his young commander, and he had surmised the state of affairs also. He would have had no scruples in facilitating a meeting, even an elopement. The two lovers, therefore, could speak unobserved, or at least unheard, by any stranger.

"Lady," said Alvarado at last, "I am indeed afraid. You make the strong weak. Your beauty—forgive me—masters me. Tempt me not! I can stand no more!" he burst forth with vehemence.

"What troubles thee, Alvarado?" she said softly.

"Thou—and my plighted word."

"You chose honor and duty last night when you might have had me. Art still in the same mind?"

"Senorita, this subject is forbidden."

"Stop!" cried the girl. "I resolve you from all injunctions of silence. I, too, am a De Lara, and in my father's absence the head of the house. The duty thou hast sworn to him thou owest me. Art still in the same mind as last night, I say?"

"Last night I was a fool!"

"And this morning?"

"I am a slave."

"A slave to what? To whom?"

"Donna Mercedes," he cried, turning an imploring glance upon her, "press me no further. Indeed, the burden is greater than I can bear."

"A slave to whom?" she went on insistently. She laid her hand upon his strong arm and bent her head close toward him. They were far from the others now, and the turn of the winding road concealed them.

"A slave to whom? Perhaps to me?" she whispered.

"Have mercy on me!" he cried. "To you—yes. But honor, duty!"

"Again those hateful words!" she interrupted, her dark face flushing with anger. "Were I a man, loved I a woman who loved me as I—as one you know, I would have seized her in spite of all the world! Once she had fled to the shelter of my arms, while life beat in my heart none should tear her thence."

"Thy father!"

"He thinks not of my happiness."

"Say not so, Donna Mercedes."

"Thy father. It is a matter of convenient arrangement. Two ancient names, two great fortunes, cry aloud for union, and they drown the voice of the heart. I am bestowed like a chattel."

"Don Felipe!"

"Is an honorable gentleman, a brave one! He needs no defense at my hands. That much, at least, my father did. There is no objection to my suit, save that I do not love him."

"In time—in time you may," gasped Alvarado.

"Dost thou look within thine own

heart and see a fancy so evanescent that thou speakest thus to me?"

"Nay, not so."

"I believe thee, and were a thousand years to roll over my head thine image would still be found here."

She laid her tiny gloved hand upon her breast as she spoke in a low voice, and this time she looked away from him. He would have given heaven and earth to have caught her yielding figure in his arms. She drooped in the saddle beside him in a pose which was a confession of womanly weakness, and she swayed toward him as if the heart in her body cried out to that which beat in his own breast.

"Mercedes! Mercedes!" he said. "You torture me beyond endurance! Go back to your duenna, to Senora Agapida, I beg of you! I can stand no more! I did promise and vow in my heart—my honor—my duty!"

"Aye, with men it is different," said the girl, and the sound of a sob in her voice cut him to the heart, "and these things are above love, above everything. I do not—I cannot understand. I cannot comprehend. You have rejected me. I have offered myself to you a second time after the refusal of last night. I, too, am a slave. I love you, Nay, I cannot marry Don Felipe de Tobar. 'Twere to make a sacrifice of a sacrament."

"Thy father!"

"I have done my best to obey him. I can no more."

"What wilt thou do?"

"This!"

The road at the point they had arrived wound sharply around the spur

of the mountain which arose above them thousands of feet on one side and fell abruptly away in a terrific precipice upon the other. As she spoke she struck her horse again with the whip. At the same time by a violent wrench on the bridle rein she turned him swiftly toward the open cliff. Quick as she had been, however, Alvarado's own movement was quicker. He struck spur into his powerful barb and with a single bound was by her side in the very nick of time. Her horse's forefeet were slipping among the loose stones on the edge. In another second

they would both be over. Alvarado threw his right arm around her and with a force superhuman dragged her from the saddle, at the same time forcing his own horse violently backward with his bridle hand. His instant promptness had saved her, for the frightened horse she rode, unable to control himself, plunged down the cliff and was crushed to death a thousand feet below.

His instant promptness saved her

PADUCAH YOUNGSTER

Caught at Cairo With Woman He Had Eloped With.

Today's Cairo Bulletin says: "A lad who said he was 17 years old, and a woman several years his senior, were taken in custody last night by the police upon information telephoned from Paducah by the boy's parents. His father arrived at 8:30 and will take the lad home. The father said that his son had become infatuated with the woman and they had eloped."

"The woman, who gave her name as Lottie Ladd, was locked up, but was later released. The boy will accompany his father back to Paducah this morning."

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. 'It is the best liniment I ever used.' 25c, 50c, \$1."

LOTUS AND IDAHO

May Go to the White River Trade—Not Settled Yet.

Mrs. C. M. Kennedy who bought the steamers City of Idaho and Lotus at a recent sale of the U. S. deputy marshal here to satisfy debts, has not decided where the boats will go. One needs repairs on her boiler while the other needs general repairs, it is said. She is talking of sending them into White river into the packet trade but nothing has been decided yet and will not be until all matters pertaining to the court have been settled.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. D. R. This Man Wants Other Suffering and Depressed Souls to Read of His Cure of Eczema

D. D. D. Prescription.

"I Advertised for a Remedy."

Indianapolis, Ind., January 30, 1905. From my childhood I have been afflicted with that most painful, irritating and persistent disease of the skin, known to medical science as Eczema. Through all these years it has "dogged my footsteps like a pursuing fate," so to speak; now breaking out on my feet, later on my hands, then on both hands and feet. Only those who have experienced a like affliction can know how I have suffered. I am the proprietor of the Pearl Printing Company, No. 46 N. Perm Street, and at times my disease greatly hindered me in my work, so much so that I was almost driven to desperation. I tried the local physicians and a host of the most widely known remedies for my trouble, but with little or no substantial relief. Out of sheer desperation I finally advertised for a Remedy.

Among the replies which were by no means scant, I received one from a fellow sufferer in this city, stating a profound faith in a remedy that had worked wonders in her case; so frank and so positive were her statements that they impressed me with their genuineness, and I determined to give it a thorough trial. It proved to be what is known as the "Three D's"—D. D. D. Prescription for skin and scalp.

I can truthfully say that from the very first application I obtained relief. I was so delighted with this medicine that I continued to apply the remedy. I have now used eleven bottles of it, and today my skin is as smooth and clear as though I had never been afflicted, and I consider myself a well man. Now I realize that there are testimonials and testimonials, and I assure all who may see this one that it is as genuine as truth and language can make it. I shall never forget the favor of the one who recommended this remedy to me, and now if some suffering and depressed soul should see these lines and be induced to try what to me has proven a veritable "God-send," my motive shall have been accomplished, as I have only done, after mature deliberation what appeared upon me as a simple duty. I will add that I stand ready to verify every word herein contained. J. B. LACEY.

D. D. D. Prescription positively cured this man, and note after he had tried innumerable other treatments and remedies. D. D. D. Prescription is logical and scientific. No use to dose the stomach when the disease arises from parasites in the skin. Kill these parasites or they will surely kill you. D. D. D. kills them—and then leaves the skin in healthy and beautiful condition. Go today and get a bottle. \$1.00 each. We positively guarantee a cure or every cent refunded.

MR. MCCOURT HERE.

Held a Conference With Supt. Egan and Returned South.

Mr. Harry McCourt, assistant general manager of southern lines of the I. C., arrived this morning at 7:45 o'clock on his private car No. 19, and remained until 11 o'clock, when he went south again.

He was met here by Superintendent A. H. Egan, of the Louisville division of the I. C., and a short conference was held. Mr. McCourt has several matters to occupy him in this territory, one being that of allowing Paducah shop employees more representatives on the hospital board. This matter has been referred and data is now being gotten up and a full report being made out where every fact in connection with the matter will be shown.

Mr. Egan is here on a regular inspection trip, looking after business on this end. The road is doing a good business, especially in freight.

JUDGE J. T. WEBB HURT.

Mayfield Man Fell in Paducah While Trying to Catch a Train.

The Mayfield Monitor says that Judge J. T. Webb met with a painful accident in Paducah. He went to the local I. C. yards early Saturday morning to catch a freight train to Mayfield, and to quote the Monitor, "Just as he arrived, the train began to pull out and in order to catch it, his honor threw aside his judicial dignity and sprinted down the track. This was a railroad, and not a running track and the Judge caught his foot on one of the ties and fell heavily, breaking his collar bone. He came on to Mayfield and his fracture was attended by Dr. John Dismukes, Jr. Although this was quite a painful accident, it is not serious and the Judge is getting along nicely."

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—DR. G. G. GREEN.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boesche's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

The others were far behind.

only realized that she was in his arms again, that he had kissed her, and between the kisses he poured out words that were even greater caresses. The others were far behind. They were alone upon the mountain side, with the rocks behind and the great sapphire sea of the Caribbean before them. He held her close to his breast, and they forgot everything but love as they gently pricked along the road. It was near noon now, and as the road a furlong farther debouched into an open plateau shaded by trees and watered by a running brook which purled down the mountain side from some inaccessible cloud swept height, it was a fitting place to make camp, where the whole party, tired by a long morning's travel, could repose themselves until the breeze of afternoon tempered the heat of the day. Here he dismounted, lifted her from his horse, and they stood together side by side.

"You have saved me," she whispered. "You have drawn me back from the death that I sought. God has given me to you. We shall never be parted."

"I am a false friend, an ungrateful servant, a forsworn man, a perjured soldier," he groaned, passing his hand over his pale brow as if to brush away the idea consequent upon his words.

"But thou hast my love," she whispered tenderly, swaying toward him again.

"Yes—yes. Would that it could crown something else than my dishonor."

"Say not so."

"I had been faithful," he went on as if in justification, "had I not seen thee on the brink of that cliff, and then thou wert in my arms—I was lost!"

"And I was found. I leaped to death. I shut my eyes as I drove the horse toward the cliff, and I awakened to find myself in your arms—in heaven! Let nothing take me hence."

"It cannot be," he said. "I must go to the viceroy when he returns from the Orinoco war and tell him that I have betrayed him."

"I will tell him," she answered, "or wilt thou tell him what I tell thee?" she went on.

"Surely."

"Then say to him that I sought death rather than be given to Don Felipe or to any one else. Tell him you saved me on the very brink of the cliff and that never soldier made a better fight for honor or flag than thou didst make for thy honor and duty, but that I broke thee down. I had the power, and I used it. The story is as old as Eden—the woman tempted!"

"I should have been stronger; I should not have weakened. But I shall fight no more. It is all over."

"Ah, thou canst not," she whispered, nestling closer to him. "And tell my father that should harm come to thee—if in their anger he or De Tobar lay hand upon thee it will not advantage their plans, for I swear, if there be no other way, I will starve myself to death to follow thee!"

KENTUCKY NEWS TOLD IN PARAGRAPHS

Swallowed Coal Oil.

Clarksville, Tenn., May 23.—Jas. Mason, a young white man confined in the county jail at Elkton Ky., made an unsuccessful attempt to commit suicide by swallowing a pint of coal oil. His fellow-prisoners noticed his queer actions and gave the alarm. A physician was summoned and the bad results were counteracted.

Kuttawa's Commercial Club.

Kuttawa, Ky., May 23.—A Commercial club has been organized in Kuttawa. It is composed of the leading business and professional men of the community, and has already interested several large manufacturing concerns in locating their plants at this place.

N. O. Gray is president of the club and Otho Fowler is secretary.

Tobacco Men Elect.

Hopkinsville, Ky., May 23.—The American Society of Equity, at a meeting here perfected an organization of the county, and the following officers were elected: R. C. Hopson, Bainbridge, president; James Medley, Beverly, vice-president; Walter Garner Lafayette, secretary; P. P. Huffman, Hopkinsville, treasurer.

Bought Questions for \$30.

Munfordville, Ky., May 23.—A sensation was caused at the examination of teachers for the county schools of Hart county by the discovery that a number of the teachers had in their possession copies of all the questions that had been prepared by the state board of education and sent out to all the superintendents of the state. One of the number said he had obtained the copy from a young man from Bowling Green, paying \$30 for it. A warrant has been issued for this accused.

Was With Morgan.

Lexington, Ky., May 23.—Rev. Ben Bigstaff, former chaplain of the Confederate Home at Pewee Valley, Ky., died here of apoplexy, aged 65. Bigstaff was with Gen. John Morgan in all his campaigns. After the war he became a preacher. He resigned the chaplaincy at the Confederate Home, with its salary, and returned to his mountain people to preach. He was known all over the south.

Fatal Cough Remedy.

Louisville, Ky., May 23.—Roscoe Brookins, the 4-year-old child of Alex Brookins, living at Harrods Creek this county, drank a glass of whisky and syrup Mrs. Brookins had prepared as a cough remedy. The child became unconscious at once and died in three hours.

Madden vs. Madden.

Louisville, Ky., May 23.—The divorce suit of Mrs. Anne Madden against the noted turfman, John M. Madden, is set for trial before Judge Littleford at Cincinnati June 8. Depositions are being taken in Lexington by Mrs. Madden's attorneys.

I. C. Reduces Rate.

Frankfort, Ky., May 23.—Chairman McChord, of the railroad commission has received a letter from C. C. Cameron, of the Illinois Central stating that the company has reduced the freight rate from Morganfield to

Atlanta, Ga., on grain to the same rate as from Henderson to Atlanta. This is a victory for the railroad commission, but was taken up on complaint of the shippers. On hearing, this was the recommendation to the Interstate Commerce Commission. The shippers gain all they asked.

Officer Eaker Returns.

Fulton, Ky., May 23.—Mr. Young Eaker, the wounded night policeman, has returned home. Mr. Eaker, though not entirely recovered, is much improved in health.

Man Hurt at Hickman.

Hickman, Ky., May 23.—George Duncan, age 25 years, was horribly crushed between two heavy logs. He was a member of the logging camp, on the Little Obion creek, when in some way the log he was standing on started rolling down a small embankment towards the water; he stayed on the log until it stopped then jumped off without seeing that two heavy logs had also begun rolling down the hill; he was standing near the first log when the other two caught his body, horribly mangle him about the hips. There is little hope of his life being saved. The injured man's home is at Cayce.

Married at Fulton.

Fulton, Ky., May 23.—James R. Lee, of Fulton, and Miss Gertrude Adams, were married at Union City, Tenn., the bride's home. They will reside in Sikeston, Mo.

Hickman's New Teachers.

Hickman, Ky., May 23.—The election of teachers for Hickman College resulted in Prof. B. F. Gabby, of Carrollton, Ky., being elected principal. Miss Mina Diestlebrink was elected teacher of music.

Horse Trainer Killed.

Georgetown, Ky., May 23.—Jack Russell, for many years horse trainer for Alexander Lawless, was run over at a road crossing while attempting to outrun a train on the Queen and Crescent railroad. The horse escaped unhurt, while the cart was crushed and the driver killed, his skull being crushed and his head mashed to a jelly. The victim was about sixty years of age.

Sues County Superintendent.

Maysville, Ky., May 23.—County Attorney O'Donnel has filed suit here in the Mason circuit court against Superintendent of Schools Wells to compel him to pay the county the \$5,000 he paid the attorneys who won the suit for him against the American Book company. O'Donnel claims Wells had no right to employ attorneys.

For Alleged Robbery.

Earlington, Ky., May 23.—City Marshal Barnett arrested Alfonso Morgan and Joe Houlihan, young white men of this place, on a charge of assaulting and robbing Abe Martin, of Morton's Gap, Saturday evening on the public road south of Earlington. They were each held in \$500 bond and taken to jail at Madisonville.

The unfortunate man's friends always live a long way off.

PRESBYTERIANS MAY RE-UNITE SOON

General Assembly Voted in Favor of it Yesterday.

An Ohio Minister Indicted for Alleged Unwarranted Remarks About People Who Dance.

THE BAPTISTS AFTER SMOOT

Winona Lake, Ind., May 23.—Amid a storm of applause, without debate or a dissenting voice, the general assembly of the Presbyterian church yesterday afternoon voted to re-unite with the Cumberland Presbyterian body, which withdrew from the original denomination February 4, 1810, thereby, in effect, bringing together two of the largest branches of the Presbyterian faith.

By the adoption, in its entirety, of the report of the special committee, the assembly ordered that the question as it now stands be referred to the committee on co-operation, the membership of which was increased to 21, with a provision that it have power to confer with a committee from the Cumberland body to the end that details of the consolidation may be worked out in a report to the next general assembly. The committee will consider the corporate and legal rights of both bodies, keeping consolidation within legal limits, thereby avoiding civil suits and injunctions.

Minister Indicted for Slander.

Urbana, O., May 23.—Rev. Warren Wiant, pastor of the Methodist church at Christiansburg, was yesterday held to the grand jury on a charge of slander. The complainant was Dr. Hyde of Christiansburg, who alleged that Wiant had said "all women who dance are unchaste." The minister denied having made the remark complained of, but the state brought several witnesses who testified to having heard him.

Want Smoot Expelled.

St. Louis, May 23.—Interest in last night's meeting of the American Baptist Publication society, centered in the report of the committee on resolutions which submitted a strongly worded resolution denouncing Mormonism and asking for the expulsion of Senator Smoot.

PATENT GRANTED

A PADUCAH MAN FOR A RAILWAY RAIL ANCHOR.

It Is the Second Mr. Finis Fields Has Invented Recently.

A telegram received today by The Sun, from Washington, announces that Mr. G. Finis Fields, foreman of the local I. C. wrecking crew, this morning was granted a patent on a railway rail anchor for working wrecks. This is one of two patents Mr. Fields has invented and the second is pending now.

The patent anchor is for the purpose of working wrecked trains and precludes the possibility of pulling up the track. When an engine has to be placed on the rails or cars lifted, an anchor is made by digging under the rails and placing iron chains about the tracks, this acting as an anchor.

Mr. Field's patent is a simple contrivance which is buckled over the track back of a fish plate, which holds two rails together, and when the power is put on the strain is not up, as in the case with the chain anchor, but with the length of the track, and before it will pull up the track it will pull it in two.

Another of Mr. Field's patents, which is now pending, is for a contrivance for moving trains with flat wheels. It is an attachment which is buckled to a car wheel and keeping the flat car wheel sliding, the strain is taken up by an auxiliary wheel on the attachment. Both inventions are good ones, it is said, and will make the inventor money, especially the former one.

Attending G. A. R. Encampment. Deputy U. S. Marshal G. W. Saunders, of Mayfield, has gone to Louisville, to attend the twenty-second annual state encampment of the G. A. R. He is state historian.

Magnolia Blossom

THE ONLY WAY TO HEALTH IS THE RIGHT WAY

LADIES if you suffer and are discouraged by previous failures in obtaining relief; don't give up until you have tried the simplest and surest cures of them all.

MAGNOLIA BLOSSOM

Its simplicity is its greatest virtue, it has been before the public for many years, and has cured thousands of suffering women after everything else had failed. Perhaps some in their anxiety to obtain a speedy cure, have experimented with more expensive remedies, have spent large sums of money and not having obtained the relief sought after, have become skeptical and doubt the existence of a positive cure for these troubles. Try this simple home treatment, with which you can cure yourself privately at home, without medical aid, and your doubts will be dispelled. It cures promptly, thoroughly and permanently; irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacements or ulcerations of the womb, that bearing down feeling, inflammation of the ovaries, backache, lassitude, nervous and all complaints peculiar to women.

SOUTH BEND REMEDY CO.

Gentlemen—I suffered for eight years, and was under the care of Physicians who said there was no cure for me excepting an operation. Before consenting to this my husband read your Advertiser. I received a sample and was so pleased with the results that I ordered more. I have used twelve boxes in all, and am a stout woman. I suffered from Ulceration, and Retroversion and Derangement of the Menes. Could not be on my feet without great pain, and could do very little housework at any time. I would sometimes have hard spasms which were caused from these diseases. I cannot say too much in praise of MAGNOLIA BLOSSOM, and you may use my name in your circulars if you wish. With best wishes, I remain,
MRS. A. J. HALE, Sayre, Okla.

SOUTH BEND REMEDY CO.

South Bend, Ind.
Dear Sirs:—I now take great pleasure in sending you my testimonial for your famous MAGNOLIA BLOSSOM, which I am sure has saved my life. I suffered terribly with Ulceration for thirty years, and thought that I must die, for could find nothing to help me, and I only grew worse all the time, and had to call in doctors at times when I thought I must surely die. I saw your advertisement, and sent for a sample treatment and from that time until the present, I have used MAGNOLIA BLOSSOM, and feel grateful for what it has done for me. I also suffered from Ovarian trouble. May you ever prosper in your good work.

JOINT BIRTHDAY.

Veteran Pilot and Engineer Have Their Celebration Thursday.

Next Thursday, the 25th of May, there will be a joint birthday celebration on board the ferryboat Bettie Owen, a repetition of celebrations which have taken place on this date for the past thirteen or fourteen years.

It will be the birthday of both Captain Alex Woolfolk, the veteran pilot, and Captain Joe Flach, the engineer.

Captain Woolfolk will be 79 and Captain Flach 52, and it will be the 14th anniversary of Captain Flach's service on the boat and the 40th of Captain Woolfolk. Both have been companions for fourteen years and are proud that they have never had a cross word.

They always celebrate their birthday in a quiet way, and never lay off from duty.

Capt. Woolfolk is one of the oldest pilots in active service. He can see, hear and act as quickly and accurately as the youngsters, and can steer a boat as straight as anyone else. In fact, Capt. Woolfolk is a youngster, and everybody likes him as also they do Mr. Flach.

Captain Woolfolk, by the way, has a book on navigation, which was printed in 1824. It is yellow from age and has mutilated pasteboard backs. It gives rough maps of river landings and many now obsolete navigation points and is valued highly by Capt. Woolfolk. Needless to say both will receive the best wishes of countless friends day after tomorrow.

WOULDN'T GET OFF

So the Police Tenderly Took the Trick Rider in Tow.

Harry Cramen, white, a trick bicyclist, was arrested this morning shortly before noon by Officers Terrell and Cross for disorderly conduct. The young man was doing tricks on Broadway and frightened several horses. The officers instructed him to get off the principal thoroughfare but he refused and was arrested.

DIED IN TEXAS

MR. ASA L. BURROUGHS SUC- CUMBS TO ILLNESS.

Father of Mr. J. B. Allen Dies in Elizabethtown, Ky.—Other Deaths.

Mr. Charles Wilstach, secretary of the Paducah Water company, today received news of the death of his cousin, Mr. Asa L. Burroughs, at Terral, Tex., following a two years' illness from nervous prostration.

Mr. Burroughs was 38 years old, and was born in Terral, but came to Kentucky several years ago, and according to the Texas paper engaged in the newspaper business in Paducah. It is thought, however, that this must have been his father, the late George Burroughs, at one time on the Paducah Standard here, and who is remembered by many people. The deceased was a railroad man, and was conductor on several Kentucky roads while a resident of this state. He went to Texas some years ago and rose to the position of trainmaster, but did not like the work and returned to the road again. A narrow escape from a collision caused his illness, and he never recovered. He leaves a mother in Lafayette, Ind., and two brothers, William and Seymour Burroughs, and two sisters, Mrs. Frank Miller and Mrs. Charles Southworth of Texas. He was an Elk, Mason and Knight of Pythias.

Mr. Allen's Father Died.

News was received last night from Mr. J. B. Allen, manager of the Postal Telegraph company, that his father died at 4 p. m. yesterday at Elizabethtown, Ky., from general debility. Mr. Allen was summoned to his father's bedside Sunday. The deceased was within a few days of seventy years old, and leaves a family. The funeral will take place at 3 o'clock tomorrow afternoon at Elizabethtown.

Illness Was Fatal.

Mr. Robert Richardson, Sr., died yesterday at Memphis from a stroke of paralysis, after a long illness. He was father of Mr. Robert Richard-

son, Jr., assistant city engineer of Paducah, who was called to his father's bedside Saturday night. The deceased was 55 years old and leaves a wife, three sons and a daughter.

Death From Consumption.

Luther Ellis, aged 29, died yesterday from consumption at his home, 1040 South Third street. The remains were buried at Oak Grove.

A Handsome Souvenir.

The Illinois Central presented to the foreign delegates to the International congress a very handsome illustrated souvenir, with descriptive matter and map of the system, views of bridges and track equipment, etc. They made the journey from St. Louis to Chicago over the Illinois Central by daylight.
